

# Fresh Greys

This scheme combines cool white weatherboard cladding, soft charcoal roofing, and natural whitewashed stone. White trim and warm timber detailing enhance the architectural character, while dark charcoals and mosaics add a refined contrast. The result is a timeless, light and sophisticated aesthetic.

## Timeless textures

Pair weatherboard cladding, natural stone and classic trim for depth and enduring street appeal.

Black metal wall lantern

## Balanced symmetry

Centre entries, space windows evenly and highlight gables for a balanced, timeless facade.

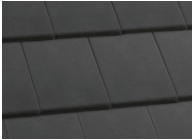

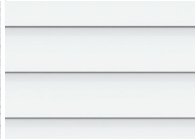

## Outdoor connection

Use a generous verandah, classic columns and balustrading to strengthen outdoor connection.

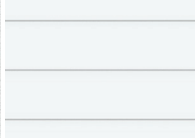

# Fresh Greys

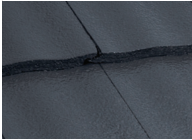

## Scheme 1
