

Soft Earth

Soft Earth blends warm terracotta with layered greys, charcoal and weathered stone for a timeless yet contemporary feel. Natural timber adds warmth and balance, creating an organic palette that sits comfortably within the Australian landscape.

Strong linear forms

Emphasise low rooflines, extended eaves and strong linear forms for a grounded look.

Black ceramic planter

Integrated outdoor living

Connect home and landscape with large windows, courtyard gardens and outdoor living.

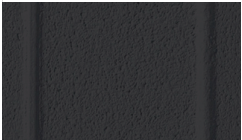

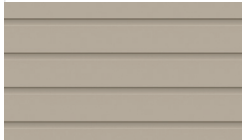

Natural material mix

Combine brick, timber, stone and concrete in warm earthy tones for natural depth.
