

Subtle Greys

An interior scheme composed of layered, tonal light warm greys creates an atmosphere that is soft, refined and understated. The subtle shifts in tone – ranging from pale greens to warm stone hues – add depth without visual noise, offering a clean, composed backdrop that enhances natural light and architectural clarity.

Compact living

Compact interiors pair clean geometry with modular design for highly functional living.

Sculptural olive-green upholstered chair

Balanced forms

Balance strong lines and integrated joinery with soft curves for simplicity and warmth.

Light and space

Use natural light, clear sightlines and a restrained palette to enhance openness and efficiency.
